who we are

BQC is an independent European Certification and Training Body that specializes in Evaluation, Auditing, Certification and Training of Management Systems and Product/Services according to International Standards. BQC was established in 2008 and has been growing worldwide ever since.

BQC's international team of experts can provide specialized Certification and Training solutions to organizations of all professional sectors in order to make their business processes faster, simpler and more efficient. BQC is committed to offer independent services that will help Organizations reduce risk, streamline their processes and operate in a more sustainable manner.

BQC recognizes the modern trends in the sector of Certification and Training and their importance for the benefit of clients' services and products. For that reason, BQC has established an extensive pool of experienced technical Experts and Trainers in all over the world, used when needed in order to offer their highest level of knowledge and experience in the field of Certification and Training.

BQC approaches every business client as a business partner, acknowledging that each organization follows its own dynamic evolution through the world market landscape. Thus, BQC's mission is to add value to the workflow of the organizations, boost their distinctive processes and help them grow.

Certification services

BQC specializes in Evaluation, Auditing, Certification of Management Systems according to the most widely used National and International Standards in all market sectors. By certifying their Management System and Products/Services, Organizations create a competitive advantage, attract new customers and investors internationally and demonstrate that their products, processes, systems or services comply with National or International Standards and applicable Legislation.

The Certificates of Conformity issued by BQC are accredited by the Hellenic Accreditation System (ESYD) and other Accreditation Bodies operating Worldwide.

Training Courses

BQC is organizing and implementing Training Courses relevant to National and International Standards. All of BQC appointed trainers are experienced and qualified Lead Auditors of Management Systems, ISO Technical Committee members etc, with extended knowledge and experience in the relevant field of training.

BQC training programs are certified by Reputable Personnel Certification Bodies (Staregister, PECB), adding credibility, prestige, international validity and recognition in training certificates issued. Trainings offered can be either open trainings or in-house trainings according to business needs.
